EDUCATION

The University of Texas at Dallas | EPPS

Bachelor of Science in Economics

Aug. 2021 – May 2024

GPA: 3.544 Richardson, TX

The University of Texas at Dallas | EPPS

Master of Science in Social Data Analytics and Research

Aug. 2024 – June 2026

Richardson, TX

National Chung Hsing University

Master of Science in Data Science

Aug. 2024 – June 2026

Graduate Institute of Data Science and Information Computing

Taichung, Taiwan

TECHNICAL SKILLS

Languages: Python, R, Stata, MATLAB, SQL

Libraries/Frameworks: Pandas, NumPy, Scikit-learn, Matplotlib, Seaborn, ggplot2, R Shiny, sf, gbm

Tools & Platforms: Git, GitHub, Jupyter Notebook, RStudio, PostgreSQL, L^AT_EX, shinyapps.io

Methods: Machine Learning, Statistical Modeling, Gradient Boosting, Spatial Feature Engineering, Monte Carlo Simulation, Data Visualization

MASTER'S THESIS

Predicting Residential Short-Term Rental Prices in Dallas, TX | R, Python, Gradient Boosting, Spatial Analysis 2026

- Modeled localized violent-crime effects on short-term rental prices using a log-price gradient boosting model with spatial feature engineering.
- Performed neighborhood-level crime aggregation, geospatial joins, and hyperparameter tuning to improve predictive accuracy and interpretability.
- Generated feature-importance analysis and neighborhood-level summaries to connect model outputs with pricing and public-safety patterns.

EXPERIENCE

Math Tutor

Mithani Tutions

August 2024 – Present

Dallas, TX

- Delivered personalized one-on-one and group tutoring sessions with custom lesson plans for math readiness.

General Clerk I

Information Technology Coalition

September 2022 – January 2023

Irving, TX

- Retrieved, scanned, and verified documents for quality control and time-sensitive data accuracy.

Marketing Intern

Rose Gold Marketing Inc.

June 2022 – August 2022

Dallas, TX

- Supported client account management, documentation, candidate screening, and workshop facilitation.

Math Instructor

Mathnasium

June 2021 – June 2022

Sunnyvale, TX

- Taught high school mathematics in person and remotely, supporting homework, test prep, and exam readiness.

PROJECTS

Dallas Housing Intelligence Platform | R, Shiny, sf, gbm, SQL

2026

- Built a separate portfolio dashboard from thesis artifacts with a price estimator, district map, model diagnostics, and neighborhood market summaries.
- Packaged processed data, model outputs, SQL feature logic, GitHub documentation, and deployment notes for reproducible publication.
- Added field definitions and stakeholder-facing controls so users can compare property, neighborhood, and crime-exposure scenarios.

Data Forecasting Model | Python, NumPy, Anaconda

June 2025

- Built a Monte Carlo simulation model to project GameStop stock trajectories and evaluate future price distributions from historical data.
- Visualized simulation outcomes to compare expected returns, downside risk, and uncertainty across repeated random price paths.

GroceryTrack | R, Shiny, PostgreSQL, shinyapps.io, LLMs

June 2025

- Developed a full-stack grocery tracking app with a PostgreSQL backend and interactive R Shiny dashboard, deployed on shinyapps.io.
- Designed app workflows for pantry tracking, shopping-list support, and dashboard views across user-entered grocery data.

SERVICE

President

Beta Chi Theta National Fraternity Incorporated

September 2024 – May 2025

UT Dallas

- Led a 35-member chapter, overseeing operations, finances, and governance while serving as liaison to university administration and alumni.
